

Configuration Management II Users Groups

CMII '98

The 11th Annual CMII Conference

Meydenbauer Center in Bellevue, Washington

June 1st-4th, 1998

About the conference

The feedback was unanimous. It really was a great conference. Those who attended previous conferences say it was the best ever.

Rob Horne of Delphi/Delco Electronics may have said it best on behalf of CM and/or CMII professionals. "It was a breakthrough event."

Recognition and acceptance of CM/CMII as a value-added process continues to grow. The variety of excellent presentations brought this message across stronger than ever.

CMII '98 Stats

Total registration was 342 of which 181 were CMII grads.

Thanks to the Northwest CMIUG

The Northwest CMII User Group, led by co-Presidents Sandra Bauer and Thomas Robinson, was a great contributor to the success of CMII '98. They provided a facilitator for each workshop session plus a "where to go and how to get there" desk for the Seattle area.

CMII '98 - Agenda as Completed

June 01

Intro's to CMII Development and CM Research LabsICM, VAST & Arizona State University (ASU)

ReceptionHosted by ICM

June 02

Open Conference Welcome by Seattle
Hosts Boeing and Microsoft.

Review and Acknowledgments Emcee.....Jim Fleming,
Cummins Engine Co

CMII AwarenessSteve Easterbrook, ICM

1st Round of 2-hour WorkshopsNine topics (*)

2nd Round of 2-hour WorkshopsNine topics (*)

Intro's to CMII Development and CM Research Labs.....ICM, VAST and
ASU

June 03

In The Beginning..... Joe Andrasik,
Delphi/Delco Electronics

Software CM and Risk ManagementRick St. Germain,
LGS Group, Canada

CM Resource GuideSteve Easterbrook,
ICM

Mergers and CM SynergyDebra Dubay, Boeing

The Challenges of PDM ImplementationPresuhn, Boeing
and Rangan, Metaphase

CM to the RescueMicrosoft

First-Ever CM InfomercialKay Stauble, Dell
Computers

Part IV; Personal RewardDoug Shelburne,
Framatone

CM In Degree Programs By University CoalitionDick Smith and
Phil Wolfe, ASU

CMII and Customer LoyaltyJohn Grau, Nortel

Managing Change Effectively in a UK CompanyNick Le Clere,
Le Clere & Associates

Operations, Microsoft

CM in JeopardyBoeing

Electronic Release of DataJim Ragan,
Microsoft

CRB to Review CM ProblemsICM

June 04

Stable, Person-Independent SystemsDenton
Bramwell, Iomega

Web-Based CMIIGreg Gagne,
Computing Devices, Canada

CM on a Higher PlainBoeing and Primex
Aerospace

CMII DemoGain, Henderson and
McGillen, VAST Corp

Applying CMII in Software DevelopmentKeith Peterson,
EDS

CMIIUG's, Coordination and Officer FeedbackK&S
Easterbrook & CMIIUG Presidents

Keynote: "Process Management"Scott Carson,
Executive VP, Boeing

Workshop Results (1 - 5)Fallstrom, Bauer,
Presuhn, Hoffman & LeFevre

Workshop Results (6 - 9)S. Easterbrook,
Bauer, St. Germain and Artrnan

Plans for CMII '99Vince Guess, ICM

Adjourn ConferenceJim Fleming,
Cummins Engine Co

***Workshops as Completed**

CM Process Metrics, led by Eric Fallstrom, Kat Reynolds, Larry Bauer

Data Retention/Vaulting/Archiving, led by Dave Presuhn

CM in a Digital-Driven Enterprise, led by Ravi Rangan

CM of Processes, led by Michael Hoffman

How to Sell CM to Management, led by Donna LeFevre

CMIIUG Activities and Coordination, led by Kathy and Steve Easterbrook

Comparison of EIA 649 to CMII, led by Sandra Bauer

Application of CMII to Software, led by Leo Clark and Rick St. Germain

Virtual Teaming/Telecommuting and CM, led by Grace Artman and Jeff Klein

CMII '99 in Montreal

It is the East Coast's turn to host the 1999 conference. East Coast sites in previous years included Alexandria (1996 and 1990) and Orlando (1993).

We thank our CMII grads from Eastern Canada for nominating Montreal as the site for CMII '99. It will be at the Wyndham Montreal on May 23 to 26th, 1999, and a great opportunity to recognize the international expansion of interest in CM and CMII.
